

WOULD-BE CITIZENS BEFORE COURT TO ANSWER U. S. TESTS

FOREIGNERS SEEKING NATURALIZATION PRIVILEGES ARE "PUT THROUGH PACES" TO SEE WHETHER OR NOT THEY ARE ELIGIBLE.

More than 325 witnesses appeared in the Circuit Court at 9 o'clock this morning when the tribunal convened for the day, ready to give testimony in the naturalization hearings, when 110 residents of La Salle county sought to secure their papers admitting them to full powers of citizenship of the United States. The day was one of the heaviest in the history of the court.

Judge Eldridge presided over the court, which for the day became a federal tribunal. An examiner from the Chicago office of the United States immigration bureau conducted the examinations.

Twelve nuns from the Catholic hospital in La Salle secured their papers of citizenship. These new citizens were all natives of Germany. They were Sister M. Philberta, Sister M. Dorothea, Sister M. Longina, Sister M. Callista, Sister M. Ferdinand, Sister M. Christina, Sister M. Hyacinth, Sister M. Stanislaw, Sister M. Blanche, Sister M. Cordelia, Sister M. Hildegard and Sister M. Severina.

Only one other woman, Dorothea Frieda Plath of Mendota, secured her citizenship papers today. She was also a native of Germany.

During the day a few of the applications were not granted their final papers today, because they were not well enough informed on the workings of the United States government. One of the nuns from La Salle was denied her citizenship papers for this reason, although all eleven of the others were admitted without difficulty. The percentage of the applicants whose admission was held very small.

FIRE WIPES OUT NEW YORK RESORT

New York, June 16.—Firemen today were still playing water on the smouldering ruins that yesterday had burned a half square mile of summer dwellings at Arverne, L. I. More than four hundred buildings, from summer homes costing \$25,000 to little bungalows worth \$2,000 and hotels, were destroyed, rendering 20,000 persons temporarily homeless. The property damage is estimated at \$2,000,000. Thousands of homeless families spent the night on the beaches.

SUPERVISORS HONOR MISS NELLIE MAHER

Miss Nellie Maher, who for the past twenty-five years has served as deputy county clerk, but who will leave for California on July 1, to remain until October, was presented with a handsome gift by the members of the board of supervisors this morning, at the close of their June session. The present which went as a token of Miss Maher's long, efficient and untiring service for the county, came as a very unexpected and pleasant surprise to her.

The members of the board, feeling that they would select a gift, which would be a duplicate of something she already had, gave her their token in cash, with the instruction to go and select her own present from the board. In this manner they knew she would be satisfied.

The gift was raised by public subscription among the members of the board. Word spread around early this morning morning that as a parting token, Miss Maher should be given a present, and the members of the board readily fell in accord with the movement.

Supervisor H. H. Wiley, acted as chairman of the committee who received the subscriptions. He felt that the men on the board were put to too hard a task when it came to the actual selection of the present, so he suggested that the money be turned over to Miss Maher, with the instruction to make the selection herself.

The amount of money given Miss Maher to purchase her present was \$17.
